

This Alcohol shot gun is heavy on shooting alcohol into the mouths of others, or yourself. Great way to re-enact your favorite movies as you soak others with expensive alcohol.

Just how many shots can you take in a night the next time you go out on a pub crawl? Well, why not "shoot" with this Alcohol Shot Gun? Not only will it make shooting down those one-gulpers much more fun, it is also a totally different way of doing it. Definitely a fun tool to have with friends and family if you want to have a spanking good time.
